

Invoice No: INV-2026-0812-01
Date: August 13, 2026
Due Date: Upon Receipt
Status: PENDING COMMENCEMENT

PREPARED BY:
Anagen 360
Lead Architect: Alfred E. Williams
Email: officialwilliamsae@gmail.com

PREPARED FOR:
Obinna (*Project Owner*)
Renalytica
Phone: +234 813 753 8723
Project: **Renalytica Data Intelligence Platform**

■ **SPECIAL CONSIDERATION & SUBSIDY NOTE:**

The standard pricing for a comprehensive data engine and digital assets package of this scale typically ranges from **NGN 800,000 to NGN 1,000,000**. Under special considerations to support the strategic launch and establishment of the **Renalytica Project**, Anagen 360 has agreed to deliver the complete 9-phase system at a heavily subsidized contract total of **NGN 300,000** (representing a **NGN 600,000+ subsidy**).

Description / Project Deliverable & Roadmap Phases	Qt y	Rate	Amount
MILESTONE 1: Project Retainer & Core Engine Development (1st Installment) [STATUS: ACTIVATED & COMMENCING ON RETAINER RECEIPT] Initial down payment to launch the evergreen 4-week build cycle, covering the aggressive end-to-end engineering of Phases 1 to 7: • Phase 1: Research, Sitemap & Content Architecture — Competitor analysis and sitemap flow. • Phase 2: Visual Assets Sourcing & Slicing — Structuring modern layout cards and styling guidelines. • Phase 3: Integration Tools Setup — Configuring checkout routing schemas and secure storage connections. • Phase 4: Social Media & Comms Deployment — Creating professional communication channels. • Phase 5: Frontend Design & Custom Coding — High-performance interface build with GSAP movements. • Phase 6: Backend Inventory Database Setup — Building secure data grids and watermarking schemas. • Phase 7: Secure Interconnections — Linking frontend client-side cards directly to secure checkouts. ■ INCLUDED PREMIUM ASSETS GENERATED IN MILESTONE 1: 1. Brand Identity Brief — A polished framework mapping out color guidelines, typography, and logo themes. 2. Short Company Intro Video — High-impact, engaging motion graphic/video introducing Renalytica's value. 3. Official Mail Server Configuration — Custom @renalytica.com professional corporate email accounts. 4. Social Media Handle Creation — Dedicated brand presence setup across major global networks. 5. Live-Reel Launch Content — Designing and publishing initial professional social posts to immediately activate the website's live automated homepage social feeds.	1	NGN 100,000	NGN 100,000

Description / Project Deliverable & Roadmap Phases	Qty	Rate	Amount
MILESTONE 2: Quality Assurance, Final Integrations & Global Launch [STATUS: DEFERRED — BILLED AT PROJECT COMPLETION] Final milestone covering client-side testing, delivery pipeline checks, and DNS domain deployment: • Phase 8: Thorough Testing & QA — Cross-device audits (mobile, tablet, desktop) and transaction verification. • Phase 9: Deployment & Live Monitoring — Mapping the custom domain, search engine indexing (SEO), and launch monitoring. <i>*Will be compiled, finalized, and delivered immediately upon completion of the Milestone 1 phases.</i>	1	NGN 200,000	NGN 200,000

Standard Estimated Value: NGN 900,000

Special Consideration Subsidy (Discount): -NGN 600,000

Actual Contract Project Total: **NGN 300,000**

Deferred Milestone 2 (Billed Later): NGN 200,000

TOTAL DUE NOW (Milestone 1 Retainer): **NGN 100,000**

WIRE TRANSFER INSTRUCTIONS

Bank Name: Access Bank
Account Name: Alfred Eteka Williams
Account Number: 0014032110
**Please state Invoice Number INV-2026-0812-01 as the wire transfer reference.*

IMMEDIATE REQUISITES & TIMELINE ACTIVATION

• **Retainer Mobilization:** Initial transfer activates the 4-week development clock. Sitemaps and strategy kickoff instantly upon transfer confirmation.
• **Sample Datasets Required:** Please email **three (3) sample files** (CSV or PDF reports) to **officialwilliamsae@gmail.com** so our design studio can engineer custom delivery filters and layouts using your actual products.
